July 2016

*Local Memphis LIVE – ABC Channel 24 / CW30 / FOX 16*

*“Mark Twain once called the French Fort area of Memphis, the “most beautiful vista on the Mississippi.” This is the US Marine Hospital....*

---

*The Hospital was built in the late 1800's. The Large red brick building opened in 1939 and was the centerpiece of a thriving community until it was cut off by the construction of interstate 55 and the hospital was eventually closed and abandoned.*

---

**In the operating room, a light still hangs waiting for patients and surgeons long gone. There are no more instruments to sterilize, and in the dental suite no teeth to pull. No cavities to fill.**

**NOTICE: The Marine Hospital is ACTIVELY OWNED, patrolled, and monitored. This location while in state of disrepair, is slated for renovation and development. It is private property and special consideration was granted for us to access it. Do NOT attempt to go here without direct permission from the owners. I cannot and will not provide any information regarding access to the complex.**

**WARD OF THE MISSISSIPPI - THE MARINE HOSPITAL**

**We Investigated the US Marine Hospital May 14<sup>th</sup>, 2016**

**We originally had plans to investigate and film at the Old Fayetteville Hospital in Fayetteville, TN.**

**Quickly changed our minds when a good friend of mine from Search Existence Unknown warned me about the conditions there. It wasn't worth the risk of endangering all of us. I won't go into details. Apparently the hospital has been closed down.**

**This hospital otherwise called the old Lincoln County Hospital was investigated and featured on an episode of Ghost Adventures.**

## BETHLEHEM ACADEMY – Elizabethtown, Kentucky

All over on the internet people say that three nuns were murdered at Bethlehem Academy when it was still an academy, but one source says otherwise. This source says that one nun did commit suicide there, but never five. There are also tales of two nuns committing suicide in Bethlehem Academy. Another story legend is that a nun got trampled by an out of control ox. The stories of some amount of nuns dying in Bethlehem Academy are very scrambled, and most likely lost in time, but either way the stories of nuns dying at the academy remain very well known.

We were called in to investigate the claims. Research on the property has proven without a doubt the rumors on the internet are false. Did we make communication? Have to wait till the Episode is released Feb 2017

## WPSD News Channel 6

**Investigating the General Lloyd Tilghman house ( Civil War Museum ) has caused quite a still with the local media.**

**On location in Paducah, ky both Paula and myself were interviewed on WPSD. Some folks saw us on the 10pm news on Saturday June 18<sup>th</sup>. Had an interesting investigation till getting a phone call at 4am Sunday “Can you be at the WPSD Studio for the 6am segment?”**

Well sure, nothing like tearing down basecamp, retracting camera cables, completely packing up everything and heading out to the studio by 5:45am. Completely wore out, exhausted. We get mic'd up and ready to go on LIVE. Our segment was Sunday the 19<sup>th</sup> at 6:15am.
